Press Release

Liberty Pultrusions is pleased to announce the acquisition of Glasrail Inc assets. Glasrail pioneered the fiberglass railing system for guard rail, deck and balcony rail, patio and pool rail-fence and stair-grab rail. We supply completely assembled fiberglass deck railing and stair railing systems for single family homes, multifamily, apartments, townhouses, condos, hotels, assisted living, and mid-rise projects. Glasrail also supplies fiberglass deck railing and stair railing systems for single family residences. You can learn more about Glasrail and Fiberglass reinforced Railing at www.Glasrail.com

The Glasrail assets for assembly, fabrication and coating are being relocated to the Liberty Pultrusions headquarters in Deerfield Beach Florida. Locating the assets in our Florida location puts the finished products nearer to their largest customer base of coastal areas. All the fiberglass components will be pultruded by Liberty Pultrusions at our West Mifflin PA facility.

You can learn more of this acquisition at www.libertypultrusions.com

Any questions regarding this press release can be emailed to Dgriffith@libertypultrusions.com

Sincerely
David M. Griffith
President
